

Disclosure to Learners

Reanimate 9
Metasin, LLC
November 8-9, 2023
San Diego, California
Live / In-person

Acknowledgement of Financial Commercial Support

No financial commercial support was received for this educational activity

Acknowledgement of In-Kind Commercial Support

No in-kind commercial support was received for this educational activity.

Description of Activity

Reanimate is modeled on a previous ECPR/ECMO course held in Paris and builds on previous experience with teaching resuscitative skills workshops. This conference blends didactic teaching, hands-on workshops, and case-based learning. All attendees will gain the competence to initiate ECPR for patients in cardiac arrest.

Satisfactory Completion

Learners must complete an evaluation form to receive a certificate of completion. Physicians should claim only the credit commensurate with the extent of their participation in the activity. If you are seeking continuing education credit for a specialty not listed below, it is your responsibility to contact your licensing/certification board to determine course eligibility for your licensing/certification requirement.

CME Accreditation & Designation Information

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint providership of Scimple Education LLC and Metasin, LLC. Scimple Education LLC CME is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Scimple Education, LLC designates this Live in-person activity for a maximum of 12.0 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in this activity.

Objectives - After attending this program you should be able to:

1. recall eligibility criteria for ECPR in cardiac arrest patients
2. discuss troubleshooting of potential ECPR equipment issues
3. apply ECPR selection criteria to determine appropriate candidates
4. initiate timely ECPR in eligible cardiac arrest patients protocols
5. consider the differences in the delivery of care with respect to specific patient populations such as the morbidly obese, the elderly, and patients with significant comorbidities.

Disclosure of Financial Relationships

In accordance with the ACCME Standards for Integrity and Independence in Accredited Continuing Education, Simple Education LLC has implemented mechanisms prior to the planning and implementation of this CME activity to identify and mitigate all relevant financial relationships for all individuals in a position to control and influence the content of this CME activity.

The following table of disclosure information is provided to learners and contains the financial relationships of each individual that is in a position to control and influence the content of this CME activity. All of these relationships have been mitigated.

All individuals in a position to control the content of CE are listed below.
